REPORT KEY - Safety Assessments and Plans (SM06b01)

- County/Site - Calculations are grouped by County and by Site within the County. The County/Site comes from the primary worker assigned at the time of CPS Initial Assessment approval. If no primary worker is assigned at the time of CPS Initial Assessment approval, the County/Site comes from most recent supervisory assignment at or prior to the time of CPS Initial Assessment approval. If no supervisor is found, the County/Site comes from the most recent secondary assignment at or prior to the time of CPS Initial Assessment approval.
- Completed Primary Caregiver Assessments - Number of IA Primary Caregiver CPS Initial Assessments approved by a Supervisor during the reporting period. This is the population for the report
- Completed Safety Assessments - Number of Safety Assessments approved within 75 days of the "Date and Time PS Report Received."
- Number of Safety Assessments with a Date of Safety Assessment - The "Date of Safety Assessment" field is found on Assessments with the Safety Assessment window > Results tab > Safety Assessment Conclusion group box.
- Number of Safe Decisions - Number of approved Safety Assessments with "Safe" Safety Decisions
- Number of Unsafe Decisions - Number of approved Safety Assessments with "Unsafe" Safety Decisions
- Average Days to Approve Safety Assessment - Average number of days from the "Date and Time PS Report Received" to the approval date for the Safety Assessment.
- Family Managed Decisions – Number of unsafe decisions where the worker indicated the family is able to manage the protection of the child.
- Agency Managed Decisions – Number of unsafe decisions where the worker indicated the agency must manage the protection of the child.
- Safety Analysis and Plans Completed – Number of safety analysis and plans completed and approved within 75 days of the "Date and Time PS Report Received."
- Safety Analysis and Plans with Safety Services – Number of safety analysis and plans with at least one recommended safety service.
- In-Home Safety Plan Decisions – Number of Safety Analysis and Plans that indicate an In-Home Safety Plan is appropriate.
- Out of Home Safety Plan Decisions – Number of Safety Analysis and Plans that indicate an Out-of-Home Safety Plan is Required.
- Average Days to Approve Safety Analysis and Plan - Average number of days from the "Date and Time PS Report Received" to the approval date for the Safety Analysis and Plan.
